

## **Overloaded Cars**

It is important that farmers load to the correct weight and fill compartments equally. For rail line weight capacities and overload questions, contact CN at 1-877-208-5019 or [www.cn.ca](http://www.cn.ca), and CP at 1-800-704-4000 or [www.mycpr.ca](http://www.mycpr.ca). As of January 2009, CN charges thousands of dollars per overloaded rail car.
