\*Bushel figures may not be exact due to rounding conversions to two decimal points.

Note: PROs are the CWB's estimate of crop year returns. Farmers who use PROs to make marketing decisions are advised that unusual weather in importing or exporting countries and other changes in market conditions could dramatically affect the price forecasts. PROs are not price guarantees and should not be confused with initial payments. PROs also do not represent CWB offer values for prospective sales transactions nor sales values for actual transactions.
