

Producer car application and declaration of eligibility

You are required to declare that the variety is eligible for the class of wheat you are shipping. Producer car shippers need to declare only once each crop year. If you are using more than one producer car administrator, you will need to sign a declaration for each administrator.

Page 2 of this document contains the Producer car application form.

Page 3 of this document contains the Declaration of eligibility form.

Note: Your first producer car application of the crop year for wheat or durum will not be processed until we receive a completed Declaration of eligibility form. If you have already completed a Declaration of eligibility and want to print the Producer car application only - on your print screen, under 'Print range', click 'Pages' and enter '2' for page 2.
